Painting for Prevention: Fostering Connections & Raising Awareness Through Creativity

Every year, PFSA works with local organizations and agencies across PA to bring awareness to communities statewide through creative community engagement and education. This year, United Way of Wyoming Valley will host artists and students at E.L Meyers High School in Wilkes-Barre, PA, to create a vibrant mural with a message that celebrates community connections and the vital role every citizen plays in keeping kids safe.

Thank you to United Way of Wyoming Valley for sponsoring this event, which will serve as a reminder that child abuse can be prevented in all PA communities year-round.

For more information on this program or to sponsor a mural in your community, please contact us at 717-238-0937.
